

**PJC 80.3**      **Personal Injury Damages—Basic Question**

## QUESTION \_\_\_\_\_

What sum of money, if paid now in cash, would fairly and reasonably compensate *Paul Payne* for *his* injuries, if any, that resulted from the occurrence in question?

Consider the elements of damages listed below and none other. Consider each element separately. Do not award any sum of money on any element if you have otherwise, under some other element, awarded a sum of money for the same loss. That is, do not compensate twice for the same loss, if any. Do not include interest on any amount of damages you find.

Answer separately, in dollars and cents, for damages, if any. Do not reduce the amounts, if any, in your answers because of the negligence, if any, of *Paul Payne*. Any recovery will be determined by the court when it applies the law to your answers at the time of judgment.
